## Letter to Our Customers

Dear Valued Customer,

Over the past few years, Esseco USA has received a significant increase in the number of questionnaires, surveys, and document requests from our customers.

Most of these requests focus on the same product, manufacturing, quality, and safety issues.

Moving forward, we will be unable to complete each customer's specific documentation requests.

In order to respond to all of these varied types of requests, Esseco USA has generated a comprehensive product specific Data Package (Data Pack) that will provide most if not all of the requested information.

We are confident that this Data Pack will ensure that consistent information is provided in a timely and efficient manner. The Data Pack is updated annually to ensure all data is accurate, and additionally the Data Pack will be updated in reaction to major regulatory changes.

Sincerely

Esseco USA Technical Services

All statements, information, and data given herein are believed to be accurate and reliable but are presented without guaranty, warranty, or responsibility of any kind, express or implied. Statements or suggestions concerning possible use of our products are made without representation or warranty that any such use is free of patent infringement, and are not recommendations to infringe any patent. The user should not assume that all safety measures are indicated or that other measures may not be required. All suggestions made herein are intended for use by persons having requisite knowledge and skill, and are to be utilized at their own risk. Esseco USA assumes no responsibility for this information, and potential purchasers waive all claims they may have and agree to indemnify and hold harmless Esseco USA from any claims or damages they may later allege relative to their reliance upon these suggestions.

## General

### Product

Name	Sodium Sulfite Food/HP and Photo Grade
Code	1NS06E

### Supplier

Name	Esseco USA
Address	4 Gatehall Drive, Parsippany, NJ 07054
Phone	973-267-3330
Internet	<a href="https://www.essecousa.com/">https://www.essecousa.com/</a>

### Manufacturer

Name	Esseco Srl
Address	Via San Cassiano 99, San Martino di Trecate, Novara 28069, Italy
Phone	+39 0321 7901
Internet	<a href="http://www.esseco.com/en/">www.esseco.com/en/</a>
Country of Origin	Italy

## Products Details

### General Information

- Sodium Sulfite is manufactured with inorganic raw materials (No plants or organic materials) and is therefore considered a synthetic product

### Product References

- CAS No. (Chemical Abstracts Service): 7757-83-7
- EC No. (European Inventory of Existing Commercial Chemical Substances): 231-821-4
- E No. (EU number for additives): E221
- REACH (Registration, Evaluation, Authorization of Chemicals): registration number 01-2119537420-49-0000

### Storage

- Store the product in a cool and dry indoor location (humidity and dampness promote oxidation).
- Shelf-life is 3 years from date of manufacture when stored in original container

## Compliance

- Regulation (EU) No 231/2012 (food additives)
- Food Chemicals Codex(FCC) XII
- NSF/ANSI/CAN 60 (water treatment chemicals)

## Packaging

- The packaging used for the Food/HP and Photo grade of Sodium Sulfite sold by Esseco USA is suitable for food contact, this includes both 50 lb bags and various supersack sizes.
- All the Sodium Sulfite sold by Esseco USA is produced by Esseco srl in Italy and is packaged on pallets that have been heat treated and made from European wood. No fungicides including 2,4,6 tribromophenol (TBP) or 2,4,6 trichlorophenol (TCP) are used on any pallets for this product.
- All the Sodium Sulfite that is sold in 50 lb bags by Esseco USA has gone through a metal detection device when it was packaged by Esseco Srl in Trecate, Italy.

## Contaminants

- The Food/HP and Photo Grade of Sodium Sulfite sold by Esseco USA meets all of the product specification requirements. The product may at times contain very small quantities of off-color yellow, gray, brown, or black particulates. These particulate contaminants are technically unavoidable due to current raw materials, equipment, and manufacturing technology utilized to produce and package the product.

## Residual

- The Food/HP and Photo Grade of Sodium Sulfite sold by Esseco USA does not contain any of the solvents listed in the United States Pharmacopeia general chapter <467> (Class 1, Class 2, Class 3, or other Table 4), the European Pharmacopeia, or the International Conference on Harmonization of Technical Requirements for Registration of Pharmaceuticals for Human Consumption (ICH) Residual Solvent (OVI) Lists. In addition, it does not contain any other organic solvents.

## BSE/TSE/GMO

- This is to certify that Food/HP and Photo grade of Sodium Sulfite sold by Esseco USA does not contain any materials that are of organic or animal origin. In addition, it does not come in contact with materials of organic or animal origin in its manufacture. Therefore, it is BSE / TSE compliant and contains no Genetically Modified Organisms (GMO's).

## Composition

<b>Component</b>	<b>Percent</b>	<b>CAS Number</b>
Sodium Sulfite	98.9	7757-83-7
Sodium Sulfate	1.1	7757-82-6
Total:	100.0	

# Manufacturing

## Site Information

- Size of Site 1,900,000 sq ft
- Total Employees 307
- Production Staff 140
- Quality Unit Staff 9
- Quality Assurance Staff 5

## Process

- The Food/HP and Photo grade of Sodium Sulfite is manufactured using a synthetic process.
- This is a continuous process in a closed and dedicated plant.
- The raw materials of sulfur dioxide and sodium hydroxide or sodium carbonate are reacted and then concentrated into a slurry until the required density is reached.
- The crystalline product is separated by centrifuge, screened, and dried.
- The process is controlled by an automatic system with periodic testing and adjustments performed by the operators.
- The product is packaged in a closed and dedicated line, equipped with a metal detector (sensitivity: 2.5 mm of ferrous, non-ferrous, and stainless steel).

## Manufacturing Information

- The product is not treated with ionizing radiation during the production process and is not treated with any ingredient treated with ionizing radiation.
- The product is manufactured using current Good Manufacturing Practices (cGMP).
- The Food/HP and Photo Grade of Sodium Sulfite sold by Esseco USA, and the raw materials used to produce it, have not been tested on animals.

## Quality System

- The plant maintains a FSSC 22000 Certification from Global Food Safety Initiative(GFSI).
- The plant maintains an ISO 9001:2015 Certification.
- The plant has an FDA registration number of 10290799032.

## Lot Numbering System

- Numbering System Explanation

The first two numbers designate the year of manufacture.

The following three numbers designate the Julian calendar day.

The last number designates the bin that the product was packaged from.

- Example for Lot Number 200252

20 - Year of Manufacture, 2020

025 - Julian day of calendar Year, January 25

2 - Product was packaged out of bin 2

## Products Not Used in Manufacturing of Product

This product does not contain and hasn't been in contact with the following:

- Bioengineered Ingredients (GMOs)
- Bisphenol A
- Bromate
- Diacetyl
- Ethylene Oxide
- Formaldehyde
- Graphite
- Jatropha Plant
- Melamine
- Metal Catalysts
- Mycotoxins
- Nanometals
- Nitrosamines
- Nonylphenol ethoxylates or alkylphenols
- Palm oil or palm oil derivatives
- Parabens – Butylparaben or Propylparaben
- Partially hydrogenated oils
- Polychlorinated biphenyl or Polybrominated biphenyl
- Perfluoroalkyl and Polyfluoroalkyl
- Perfluorohexane sulfonic acid
- Pesticides
- Phthalates or esters
- Residual Solvents (US & Europe Pharmacopeia Listings)
- Sewage Sludge
- Toluene
- Triclosan

## Additional Site Information

- Pest activity is checked 12 times per year by specialized external firm (Rentokil Srl).

## Food Information

### Food Information

- This product is a substance that is generally recognized as safe (GRAS) per Title 21 of the Code of Federal Regulations Part 182.3798 (2020).
- The product is in compliance with all Kosher requirements.
- The product is in compliance with all Halal requirements.
- The product does not contain any ingredients of animal origin or alcohol. Furthermore we can exclude any risk of environmental contamination during manufacture, filling, packing, transportation and storage.
- The Food/HP and Photo grade of sodium sulfite sold by Esseco USA meets all of the requirements of the US Food and Drug Administration (FDA) Food Safety Modernization Act (FSMA).
- Esseco USA is the importer of record for the Sodium Sulfite Food/HP and Photo grade sold by Esseco USA and has taken all of the necessary steps to be compliant with the United

States Food and Drug Administration’s Foreign Supplier Verification Program (FSVP) for importers of food for humans and animals.

### Diet Suitability

The product is suitable for:

- Vegans
- Lacto / Ovo-lacto vegetarians
- Diabetics
- Lactose intolerants
- Celiacs

### Microbiological

The Sodium Sulfite sold by Esseco USA is bacteriostatic and will not support microbiological contamination or growth and requires no additional kill step(s) to make the product ready to eat. The product will not support growth of the following:

- Aflatoxins
- Mycotoxins
- Pathogens

7	(C) Chemical quality of steam	No product-transferable impurities										PRP No.8, No.9 and No.10. Chemical hazard is controlled by applying control procedures to the steam production process

## **ALLERGENS STATEMENT**

This is to certify that the Food/HP and Photo grade of sodium sulfite sold by Esseco USA is not processed with, does not come in contact with, and does not contain any of the following known allergens:

Artificial Sweeteners  
Celery  
Colorants  
Dyes  
Egg or Egg Products  
Fish or Fish Products  
Gluten (Wheat, Barley, Rye, or Oats)  
Lactose  
Latex  
Lupin  
Milk or Milk Products  
Monosodium Glutamate (MSG)  
Mustard (or its derivatives)  
Peanuts or Peanut Products  
Preservatives  
Seeds or Seed Products (Buckwheat, Cotton, Poppy, Sesame, or Sunflower)  
Shellfish (Crustacean or Molluscan) or Shellfish Products  
Soy, Soybeans, or Soybean Products  
Tree Nuts or Nut Products (Almond, Brazil, Cashew, Coconut, Hazelnut, Macadamia, Pecan, Pine, Pistachio, or Walnut)  
Wheat or Wheat Products

**This product does contain Sulfur Dioxide, which is an allergen, and is also considered a Sulfiting Agent.**

# ESSECO GROUP OVERVIEW

## TRECCATE PLANT

### ORGANIGRAMMA

ESSECO srl

luglio 2021

To Whom It May Concern:

Thank you for your recent inquiry about our compliance with the FDA regulations related to the Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (The Bioterrorism Act).

The events of September 11, 2001, highlighted the need to enhance the security of the infrastructure of the United States, including the food supply. Congress responded by enacting the Bioterrorism Act (Public Law 107-188), which was signed into law on June 12, 2002. The Bioterrorism Act includes a provision in Title III (Protecting Safety and Security of Food and Drug Supply), Subtitle A – Protection of Food Supply, Section 305, which requires the Secretary of Health and Human Services to develop a regulation to require domestic and foreign facilities that manufacture, process, pack, or hold food for consumption in the United States to register with FDA by December 12, 2003. Esseco USA LLC is in full compliance with Section 305.

The Bioterrorism Act also includes a provision in Title III (Protecting Safety and Security of Food and Drug Supply), Subtitle A – Protection of Food Supply, Section 307, which requires the Secretary of Health and Human Services to develop a regulation to require that FDA receive prior notice for food imported or offered for import into the United States. Esseco USA LLC is in full compliance with Section 307.

Finally, The Bioterrorism Act includes a provision in Title III (Protecting Safety and Security of Food and Drug Supply), Subtitle A – Protection of Food Supply, Section 306, which requires the Secretary of Health and Human Services to develop a regulation to established recordkeeping requirements for persons (excluding farms and restaurants) who manufacture, process, pack, transport, distribute, receive, hold, or import food to establish and maintain food records. Esseco USA LLC is in full compliance with Section 306.

**WE HEREBY CERTIFY THAT OUR COMPANY HAS RECEIVED A REGISTRATION NUMBER FROM THE U.S.FDA REGISTRATION OF FOOD FACILITIES, AND COMPLIES WITH THE BIOTERRORISM ACT OF 2002.**

## CALIFORNIA PROPOSITION 65 STATEMENT

**Product:** Sodium Sulfite

To Whom it May Concern:

Hereby to confirm that the Sodium Sulfite sold by Esseco USA are manufactured by chemical synthesis from mineral raw materials and they are not included in the current listing (December 29, 2023) of substances known to the state of California to cause cancer or reproductive toxicity.

This information is accurate to the best of our knowledge at the time of this writing. It should, therefore, not be construed as guaranteeing specific properties. Because regulations and laws are continually being revised, the status of the aforementioned product could eventually change. We do not perform routine analytical testing to detect the presence of contaminants. The buyers or users are responsible for ensuring that the products they use, as supplied by us, are appropriate for and comply with the specific requirements of their intended application.

We hope that this information is useful to you. If you have any questions or require additional information, please feel free to contact us.

Sincerely,

*Mina Abdelmalek*
